Soroptimist Club Dinner to Honor Senior Citizens

The Soroptimist Club will honor the Senior Citizens of Albany at a dinner meeting on June 29 at the Cornell School cafeteria, Tallot and Solano Aves., starting at 7 p.m., according to June McMahon, club president.

Organization of the Senior Citizen group of Albany was sponsored by the Soroptimist Club in keeping with the adoption of such a plan for service by the American Federation of Soroptimist Clubs at the convention in Banff, Canada, in July, 1954.

It was felt that there was a definite need for the development of organizations for persons above the age of 50 years for social, civic and other activities, and the local clubs throughout the country were requested to cooperate with the Federation in this plan.

The Soroptimist Club of Albany introduced this idea here and found a definite need for such an organization, and in July, 1954 the Senior Center Foundation was incorporated. This foundation was for the purpose of holding all funds accumulated for the purpose of developing a center for Senior Citizen activities. This foundation is not directly connected with any other organization. Beatrice Williams is president, Harold Denham, vice - president, Josephine Foley, secretary and William Stahlberg treasurer.

The dinner meeting of June 29 will be to honor the members now belonging to the Albany Senior Citizen group, and for the organization work they have done. Miriam Glesman is chairman of the evening meeting, with Beatrice Williams, Myrtle McLean, Kay Fritz, Toni Stallone and Irene Glasson serving on the committee. There will be an excellent program of entertainment.

The progressive growth of the Senior Citizen group in Albany is credited to the untiring efforts of Annabell Denham, representative of the Soroptimist Club of Albany.

Albany Police To Enforce Law On Fireworks

The Albany Police Department requests the cooperation of all parents in the enforcement of Ordinance 699, Section 129, which is a fireworks ordinance and reads as follows:

"It shall be unlawful for any person to sell, or cause or permit to be sold, or have possession of, or to discharge any fireworks of any kind or nature in the city, except toy pistol paper caps containing not more than twenty-five hundredths grain of explosive compound to each paper cap."

This ordinance was passed as a safety measure, both as a personal injury preventative and as a fire preventative. Each time a fire is started by the throwing of a piece of fireworks, thousands of dollars worth of police and fire equipment must respond.

This ordinance will be strictly enforced by both the fire and police departments.

Distilled Liquor Prices to Go Up Next Monday

The price of a fifth of distilled liquor will go up from 30 cents to as much as 50 cents this coming Monday, due to the increase in State tax recently passed by the Legislature.

The new prices will not only reflect higher taxes, but also a markup all along the line by distillers, wholesalers and retailers. The actual increase in the tax on a fifth amounts to only 14 cents, but added mark-ups will make the price considerably greater.

Tavern owners have not definitely decided whether to pass on the added cost five or ten cents more.

The Federal tax on distilled liquors is \$10.50, a gallon, with the State now taking an additional \$1.50 making the total tax \$12 a gallon, without taking into account city and State license taxes, etc.

Rev. Henderson Reappointed Here

Announcement was made this week of the re-appointment of the Rev. Douglas H. Henderson, for another year to serve as pastor of the Albany Community Methodist Church where he has been serving for the past four years. The local appointment was one of 364 church appointments made by Bishop Donald H. Tippet, at the close of the recent session of the California - Nevada Annual Conference of the Methodist Church held last week at the College of the Pacific at Stockton. Altogether 63 changes of appointment were made this year, but none of them involved churches in the Albany - Berkeley - El Cerrito area.

The most significant figure revealed at the conference was that the Methodist Church in Northern California has recently passed the 100,000 membership mark.

Albany High PTA Board in Meeting

The Albany High School PTA executive board and committee chairman, under the leadership of the president Mrs. Leslie Burman, are now preparing for a fall kickoff using as the theme for the year, "Team Work Does It."

Mrs. Burman recently called a luncheon meeting for the group of officers at Terrace Park, Albany, to discuss the forthcoming events, one of the most important being the monthly programs throughout the year. Mrs. Lawrence Collins, first vice president and program chairman, presented the program line-up for discussion and adoption.

Committee of the five Albany School PTA presidents, membership and publicity chairman met recently and completed a plan for a city-wide membership drive to be held early in October under the direction of Mrs. Mills Darnell as general chairman. Mrs. Darnell is

Settlement of a controversial rezoning problem appeared to be an accomplished fact Monday night when the Albany City Council voted to direct City Attorney Foley to draw up a resolution permitting the operation of a sign painting shop at 815 Kains Ave. The property is in a Zone 1 residential area. The action was taken over the vigorous protests of Councilwoman Zalm.

A favorable report from Recreation Department Superintendent Emmett Devine on a proposed "Workrecreation" project for the city, was referred back to Devine with a request that he submit estimated costs on such a project for consideration by the Council when it sits as a Budget Committee on June 30.

On the subject of "payment claims," the Council voted unanimously for payment with the exception of the \$40,000 item of school funds collected, which was held up pending a decision on the legality of the payment, which also is under fire at the Berkeley City Council. Both charters make the payments mandatory to the Council, and this has brought up a question of constitutionality.

There were nine firms submitting bids for furnishing gasoline to the city during the coming year. The list, with the prices quoted, was turned over to City Engineer Carter for recommendation.

There were three bids submitted for the purchase by the city of new cars for the Police Department and these were referred to Police Chief Jensen for recommendation.

On the request of Marge Bisho, 1605 Solano Ave., that a one-hour zone be painted in front of her place of business, and which was referred to Chief Jensen for recommendation, the chief reported that the place of business actually is on Tacoma Ave. and therefore in the City of Berkeley.

Regarding the complaint of the Water Pollution Board on waste water being turned into the district sewer, City Engineer Carter reported two apparent violations. This was referred back to Carter for enforcement.

Following the granting to the city engineer of the right to fix vacation dates of his employees to fit the work on hand, at the June 13 meeting, other department heads brought up the question and asked for the same arrangements. Mrs. Zalm objected on the ground that such action would permit splitting up vacations into units of two or three days, but she was voted down 4 to 1, and the permission granted.

Councilman Donahue brought up the subject of repairs to the Recreation Department Building, where much damage apparently has been done by dry rot. The matter was referred to City Engineer Carter for an estimate of the probable cost of repairs.

On motion of Councilman Blank, chairman of the finance committee, various sums were ordered transferred, \$17,000 from Traffic Safety to the General Fund; \$11,047 from the Bar Tax to the General Fund; \$222,775 from the General Fund to the Park Fund, and \$47,217.06 from the General Fund to the Race Track Fund. All were carried unanimously.

After some discussion as to most feasible dates, the council agreed to hold its first budget meeting on the new budget, at 8 p.m. on June 30.

Drive safely...and carry Bank of America Travelers Cheques! That's good advice the year 'round, but especially important right now. For one thing, highways are more crowded during the summer months, so it pays to be extra careful. Wherever you go, carry B of A Travelers Cheques to protect your travel funds. You can cash them anywhere, and they cost only 75¢ for each \$100 worth you buy

Ten years ago... when delegates met in San Francisco to organize the United Nations in the interest of world peace, we published the message below.

Today... as we welcome the United Nations Commemorative Session, we reprint this same message, with the same abiding hope for peaceful world.

Prayer of Peace
BY FRANCIS OF ASSISI • 1192-1226

LORD, make me an instrument of Thy peace.
Where there is hatred, let me sow love.
Where there is injury, pardon.
Where there is doubt, faith.
Where there is despair, hope.
Where there is darkness, light.
Where there is sadness, joy.

O DIVINE MASTER, grant that
I may not so much seek
To be consoled, as to console;
To be understood, as to understand;
To be loved, as to love;
For it is in giving, that we receive.
It is in pardoning, that we are pardoned.
It is in dying, that we are born to eternal life.

To the men of many nations who meet in peaceful council
in the city of St. Francis

You have the prayers of millions attuned to your deliberations.
What you determine will be a flame raised high for All the World -
an augury of hope and faith for the Peace to come. May you visit
us again, when the bells proclaim fulfillment of your historic labors

The value of understanding this law will also be brought out in

passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (128:4-6, 14): "The term Science, properly understood, refers only to the laws of God and to His government of the universe, inclusive of man... A Knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and perspicacity."

Making That Lefthand Turn In Busy Traffic

Ever notice the way some drivers make a left-hand turn? They come rolling up to the intersection, barge across to the left-hand side of the road, and then wheel around in front of the oncoming cars, causing the other drivers to swerve or come to a jolting stop to avoid collision.

Sometimes these drivers can stop, but sometimes they can't. And then there are torn fenders, battered radiators, or broken bones.

If you're a wise driver, points out the National Automobile Club, you won't drive so. When you're about to make a left-hand turn, you'll get over into that left lane well-ahead of your point of turning. If you are stopped by a light at an intersection, you sometimes will be able to make your way across in front of the other cars before they start. But more often you will give them the chance to

between the hours of 9 a.m. and 12 noon each weekday morning. All children of first grade and above are invited to attend. A varied program is presented including handicrafts, recreation, worship, Bible study, and other activities. The theme this year is "Sailing With Christ."

Lubrication of Steering Gears

The steering mechanism of any automobile has many moving parts, gears, pins, tie rod. The necessity for lubricating these parts is stressed in every lubrication chart ever devised, according to the National Automobile Club. These charts, in fact, show that certain parts of the steering move so constantly that they require lubrication attention at mileage intervals much shorter than those for many other parts of the car.

Albany Scout Troop is Given New Charter

Citing the excellent progress of Troop 45 during the past year, Richard James represented the Mt. Diablo Scout Council in presenting the new charter to Lawrence Cassell of the Cornell - Vista Dads' Club, at a Court of Honor held at Cornell School on Thursday evening, June 9. James pointed out that 23 merit badges were to be awarded at the presentation ceremony, compared with only two such awards last year.

Before the ceremony, the Troop Mothers' Club served a potluck dinner for the scouts, parents and visitors. The formal program opened with investment ceremonies for the induction of Gary Barber and Eugene Owens into the troop as tenderfoot scouts. Troop Chairman Lee Hathaway announced that the recent cookie sale had been quite successful, providing funds for needed camp equipment and transportation funds for 14 scouts who will go to Camp Wolfboro in a few weeks. Commissioner James then opened the Court of Honor, turning over the gavel to Committeeman Ray Paine who certified 12 advancements.

Stephen Burman, Robert Johnson, Richard Mulkey and Roger Paine received their second class badges; Conrad Gaunt, David Hathaway, John Henry, John Jones, Robert Sangmaster and Richard Watkins advanced to first class scout, and two boys, Lawrence Cassell and James Wilson, moved into advance scouting with the Star Rank.

Merit badges for scholarship and for reading attainment were presented to David Hathaway, John Henry and Glen Weeks. Dennis Paddock and James Wilson received merit badges for cooking, dog care and home repairs; Paddock also collected a badge for leather work. Robert Sangmaster, Eugene Miller and Lawrence Cassell obtained the cooking badge, and Cassell also qualified for the coin collecting award. A badge for citizenship in the home was earned by Conrad Gaunt, Louis Webb earned one for studying weather, and John Jones ended the list with awards for home repairs, public health, stamp collecting and proficiency in swimming. There were three special awards—John Henry received a year pin with his first class badge, and Scoutmaster Henry Silva and Assistant Scoutmaster Arthur Zugnoni were presented pins for two years of service to the troop.

Boosters Club Dinner Will Honor 49ers

The Albany Boosters Club is planning a dinner and talkfest for this coming Monday evening in honor of the San Francisco 49ers, with Red Strader as the guest of honor.

The affair will be held at the Palm Gardens, 1396 Solano Ave., starting at 7 o'clock, with the dinner set to start at 8 p.m.

According to Stan Young, president of the Boosters, Marchie Schwartz and one or more other stars will be in attendance.

The meeting was set for Monday next because the 49ers will go into active training at St. Mary's on July 10, preparatory to their heavy schedule starting early in the fall.

Marin School Dance Classes Prove Success

A class which has just closed its sixth year, having met with the utmost cooperation from the students of Marin School, is the social dance class. Sixth and seventh grade boys and girls have been taught to fox trot, waltz, rumba, samba, momba, and also several dance patterns and their great interest is proven by the fact that the classes have been attended by 90 per cent of the enrolled pupils in those grades, with very few absences at the sessions, which have been held in two hour long classes, starting at 3:30 on Fridays.

According to Mrs. J. E. Maxwell, who with Mrs. Eugene Blank have been social dance co-chairmen for Marin PTA the past two years, "there is great value derived by the students in taking this class, for they learn poise, grace, coordination, and correct dance etiquette as well as the dances themselves."

Teachers of this successful session are Mrs. Alfred Neilsen, who is assisted by her husband, a Marin teacher who devotes the extra time to this activity on his own. Both are Arthur Murray students, and excellent teachers.

A tuition of \$1.75 per semester is charged each student, and this amount pays the salary of the instructor, and all expenses of the class, including records and recordholder, and the cost of three parties a year.

The PTA social dance chairmen are in charge of all arrangements and supervision of these classes.

Budget Mapped By Marin PTA For Coming Year

A contribution to the Albany - Berkeley Braille Transcribing Group is a new budgeted item for the Marin Parent - Teacher Association, according to the tentative budget mapped out at a recent meeting of the finance and budget committee, chaired by Mrs. Carl Fosselius, to be presented to the membership for approval at the October meeting.

Additional funds were also budgeted for the Junior Traffic boys, who were given a yearly dinner and a picnic in appreciation of their fine and capable work during the year in directing traffic on school days.

Included in the numerous other child welfare activities helped by Marin PTA are youth organizations such as Girl Scout and Campfire Girls, Juvenile Hall, Herrick Dental Clinic, Albany Nourishment Fund, the Albany - Berkeley PTA Clothing Room, campership fund of the Albany - Berkeley PTA, Christmas food baskets for Albany needy families, PTA symphonies and summer music workshop, and the student loan fund of the National Congress of Parents and Teachers, which contributions are made in the purchasing of honorary life memberships in the NCPT each year and given to men and women of the community who have unselfishly given their time and efforts in child welfare activities.

Present at the membership meeting were the following committee members: Mrs. Leslie Stanley, PTA president; Mrs. Eugene Blank, Mrs. Eldon Wolfe, Mrs. Lee Seidell, Mrs. Victor Brandt, Mrs. L. T. Rossi, Mrs. Clyde Nottingham, Mrs. Will Betten and Mrs. Fosselius.

Teachers Surprise Former Associate, Ill, at His Home

A former Berkeley teacher, who has been paralyzed as a result of polio, was surprised by a group of Albany teachers and administrators Monday night with the gift of a contour chair.

Dr. Robert S. Stewart, associate professor of psychology at San Francisco State College and long a resident of the East Bay, was the recipient of this gift at his home at 5704 Oak Grove Ave. in Oakland. The donors were students in Dr. Stewart's classes which he has been conducting at his home during the past year.

Dr. Stewart, despite almost complete paralysis has finally reached a state of recovery where he can teach away from the house, get his hair cut by an Albany barber and visit friends.

When Dr. Stewart first started teaching, he had to be on a bed that rocked in order that he could breathe. Milton Gordon, principal of Cornell School said, "now that he needs that contraption less, we thought a contour chair would be more comfortable for him, and also the students." The campaign was spurred on by Mrs. Helen Blackford, remedial reading instructor, and Mr. T. E. Grubbe, school psychologist at Albany.

Other contributors were: Bert Griffin, recreation director; Gene Baker, principal of Marin School; Marie Grubbe of the Oakland schools, and the following teachers from Albany schools: Ruth Brewer, Dorothy Nichols, Anne Reeves, Nicki Georgison, Loretta Nielson of the Berkeley Schools.

speaker Joseph Bernal, Berkeley attorney, who will discuss "Some Aspects of the United States Constitution." The Club will be "dark" during the month of July.

Nearly 14,000 persons were killed in week-end traffic accidents in the United States during 1954; reports the National Automobile Club.

At an average rate of 30 miles per hour, it would take an automobile more than 11 years to travel over the 3,012,520 miles of rural roads in the United States today, points out the National Automobile Club.

Alameda County Fair Will Open At Pleasanton

With record-breaking entries reported in all departments, the historic Alameda County Fair will open a 14-day run at Pleasanton today, Friday, June 24.

Exhibitors will be vying for \$85,000 in premium money offered by the sponsoring Alameda County Agricultural Fair Association, according to Harry Shackleton, president of the civic body.

The county's economic and cultural wares will go on display during the exposition expected to attract more than 250,000 visitors.

Products will be glorified in the floriculture, beef and dairy cattle, home economics, pigeons and rabbits, agriculture, horticulture, art, photography, farm implement, commercial and industrial and other divisions.

Highlighting the entertainment agenda will be 12 days of pari-mutuel horse racing supervised by Sam J. Whiting, racing director and prominent California sportsman.

Special events will include the traditional horse show on Sunday, June 26. Two performances, one from 9 a.m. to noon, and the second from 2 to 5 p.m., are billed. Features will be the nation's richest one-day purse exceeding \$5,000 and top show horses of the Pacific Coast.

The mammoth parade, renowned for its colorful entries throughout the west, will be staged Sunday, July 3, at 10:30 a.m. in downtown Pleasanton.

Special dedication days to every community in Alameda County will be added highlights, Shackleton reported.

Carollee Petersen gets in shape for annual horse show, Sunday, June 26, a feature of Alameda County Fair slated June 24 through July 7 at Pleasanton. Heavy array of exhibits and entertainment features, plus 12 days of pari-mutuel horse racing are among highlights of historic Exposition.

Monsignor Sheehy Novel Reviewed

If you have ever wondered why some Catholics get up early every morning to go to Mass, you may gain some knowledge from Right Rev. Monsignor Maurice Sheehy's novel, "Six O'clock Mass," to be reviewed by Mrs. D. A. Brunetti on Thursday, June 30, at the Berkeley Book Guild, 2466 Telegraph Ave., Berkeley. The book is fiction, but "There is no fiction to the Mass, and it is always the same everywhere." Scheduled for 2 p.m., the review is open to the public without charge.

Only a few years later, on June 17, "Knute" was writing phone history at Vada, by making the splice in the first continental telephone. He moved to Albany shortly after that, worked in a number of Northern California offices before transferring to Berkeley in 1919, where he and his wife have since that time. NOW YOU CAN GET

LIFETIME

Don't let crushing doctor and hospital bills wipe out your savings and drag you into debt. Read about revolutionary new GUARDIAN MAJOR MEDICAL EXPENSE POLICY that protects you up to \$7,500 — the only policy of its kind that is **GUARANTEED RENEWABLE FOR LIFE.**

You've seen it happen . . . an unexpected medical emergency, a heart attack, cancer, T.B., polio, a serious accident. Suddenly the victim's family is not only stunned by grief and worry, but also buried under a mountain of bills.

In New Jersey, the parents of a 3-year old boy noticed that his eyes were puffy and his skin looked gray. Becoming alarmed, they called the doctor. He diagnosed it as a rare kidney disease. This was the beginning of a nightmare that cost the parents two years of worry and \$8,691 in doctor and hospital bills. Think what a plan like this would have meant to them!

If your family had to face a long siege that cost thousands of dollars in hospital, surgical and nursing fees, could you pay for it? Could you borrow two, five, seven thousand dollars? If so, how would you pay it back?

Fortunately, there is now a new plan that protects you financially against such emergencies—a plan that begins where most basic hospital and medical plans stop.

Hospital Expense Insurance Is Fine, BUT . . .

in many cases it doesn't go far enough. Most hospital expense policies foot many of the bills for the ordinary sickness which is neither long in duration nor very costly. But they are woefully weak when the bills add up to five to six thousand dollars, or more.

Now — GUARDIAN offers you a new type of insurance that provides benefits to meet the catastrophe of really serious illness or accidents requiring expensive treatment.

How Plan Works

This policy is devised to provide protection for those who need it most. To keep the cost low, GUARDIAN has included a "deductible" feature. This plan is familiar to motorists who carry automobile collision insurance.

The deductible amount varies with income of insured and spouse starting at \$250 for incomes up to \$10,000, ranging up to a maximum

deductible of \$1,000 on incomes over \$25,000. Under the plan, if you or a covered member of your family is ill or injured, you pay the first covered expenses that are incurred, up to the amount of the deductible. These expenses must be incurred within a 90 day period.

With only a few reasonable limitations, GUARDIAN pays the rest — up to \$7,500 within a two-year period for each illness or injury. (There is a total benefit limit, after age 65, of \$7,500 for each covered person.)

The only limits on the eligible expenses, up to the full \$7,500 benefit, are:

- \$1,000 for one surgical operation;
- \$25 per day for hospital room and board;
- 75% of private nursing fees.

Here is an example of the expenses you may have to meet if the tragedy of serious illness or

COST IS LOW

The annual premium for this protection, for a man age 35, his wife and their children under age 18, amounts to just about \$10 a month. New-born children are covered from birth to age 18 with no increase in premium.

Fill out and mail the coupon now to get full information about this lifetime protection against ruinous medical bills. There's no obligation, of course.
